POLITBURO NEWS

Everything you need to know...

Vizigoth
From Outer Elbonia

It came as no great surprise when Darcy was executed at the first meeting for the crime of pretending to be human. At any rate the fabricated charges were greeted with the traditional verdict of "guilty". A great shame that Mell was unable to continue in his role of Public Defendant #1, being respectably employed in South Korea.

The main rumour sweeping through KAOS is the threatened closure of the Lower Common Room – our sacred homeland for twenty years – because the cleaning costs the UCSA a few thousand dollars every year. You can expect that the Dictator and the Politburo will be making a complaint to the UCSA Executive. We will fight them in the cafes, and in the bars, we shall never surrender!

FIRST KAOS PARTY

Lust and Angst abound...

By Jaded
From Bare Bottom Land

Another year, another First KAOS party to kick the start of the University year off. Thanks to the Bordello inmates for offering to host the party (second year running we believe). We are told that John, Glenn, and Nick are responsible for the music – so praise their efforts. There being a lots of first years hanging around we confidently expect the traditional mixture of lust, angst, and alcohol to lead to some spectacular mistake-making. The helpful chart below should be able to alleviate the confusion.

FIRST KILLING ROUND INFO

At the time of writing we knew fuck all about what was happening in the first killing round, so we're making this up as we go along. It probably starts on Monday morning with some kind of briefing in which ever intrigue filled common room we are using as our temporary secret HQ. The round will probably finish **at** the Toga Party, where awards will be given to the deserving, the notorious, and those who remembered to pay their bribes on time.

The round will be in the traditional format, three lists, each forming their own circle of death. Everyone gets three lives – waste them wisely. Q is Leon, he doesn't look anything like that photo in the Manifesto. A good bribe is a chocolate fish, a better bribe is a jug of Tui's (aack spit! -ed).

SUBSCRIBE TO THE KAOS LIST

Information on how to subscribe to the various KAOS mailing lists can be found at:

<http://kaos.org.nz/maillinglists.html>

If you want **all** the gossip then you probably want to subscribe to the main discussion list by sending an e-mail message to majordomo@paradise.gen.nz with the line "subscribe kaos" in the body of the message.

If you just want to know when the next social festivity is occurring then you probably want to subscribe to the **Party List**. There are other lists for killing rounds, web geeks, and the really ultra hush-hush lists for the Secret Masters of the Reformed Church of the Great Old Ones, the Master Assassins, the Politburo, the Secret KAOS Cabal, and stuff, but I don't know anything about them. Probably full of tossers wanking on about how cool they are to be on a list other KAOS agents can't join.

THE SMALL PRINT

Handbook Errata: Troy, named in the KAOS Manifesto History as Troy Mawson, is in fact Troy Middleton.

This issue of the Daily Illuminator was paid for by the club funds generated by the people who actually paid money to join this club.

This line generated purely to fill space. Fnord.

Continued from page 1

As usual the Master Assassin's will be carefully watching the new agents to see if there is any talent out there deserving to be elevated into their the august ranks of the Master Assassins. The rumours about their rigging the body lotto statistics are all true. Or false. Not that it matters. Have you brought your ticket yet? Only 50c each from Dillon.

KAOS T-SHIRTS

Expect a 20th Anniversary t-shirt later in the year to help fundraise for the combined 48 hour and 20th Anniversary party. In the mean time you can place orders for a new print run of the classic "KAOS Eagle" design from 1998. This is a white on black design using the artwork below. The printing and materials is of a very high standard and will last through years of use and abuse.

Cost is \$30 per shirt. Add another \$3 if you need it mailed to you. Don't bother about GST. We are not that kind of tinpot Dictatorship. Don't forget to specify your size. Orders are due by Friday 30 March. Give your order to the Dictator, or the pleb they get to coordinate this job. All the profits from the t-shirts go towards making the world a better place by buying alcohol and stuff for KAOS parties.
