48 HOUR PARTY!

FUNDING CRISIS

Dictator sells first years to medical labs!

In the dastardly UCSA changed their regime for funding clubs to a barter system. No longer are UCSA clubs granted hard currency from the dwindling reserves of the UCSA. Like Russia the UCSA economy has reverted to paying clubs in kind, offering photocopying and franking services instead of good old-fashioned cash.

Postage stamps and toner cartridges are not exactly hot items in the free market society that is New Zealand today. When KAOS wants alcohol the genteel proprietors of the liquor outlets are prone to insist on cash payment. Hence the unfortunate necessity for the Dictator to insist on selling some of the members of KAOS off into order to support our unsustainable lifestyle of excess.

So when the nubile slaves come up for auction, dig deep into your pockets and bid what you can afford, otherwise tomorrow we may all stay sober!

Choose KAOS. Choose black. Choose a badge. Choose a trenchcoat. Choose a fucking big waterpistol. Choose rubber knives, jack boots, philosophy papers and Sisters of Mercy albums. Choose binge drinking and wondering where the fuck your aspirin are on a Sunday morning. Choose skipping lectures in the LCR playing mind numbing, time wasting card games, stuffing fucking cafe chips into your mouth. Choose pissing off at the end of it all, denying you were ever a member and being nothing more than an obscure quote to the fucked up, prozac gulping psuedo-goths recruited to replace you.

Choose your future.

THE PEOPLES COURT

No one expects the...

Maintaining order during a KAOS party is fraught with difficulty. To aid the Dictator in his hour of need a special session of the People's Court will be convened on Saturday evening. The People's Court will dispense justice to all those brought before it on trumped up charges. All the usual suspects will be rounded up!

The Dictator would appreciate it if all KAOS agents would take the time to report anyone who is disturbing the Dictator's peace, bringing KAOS into reputability, performing black magic, or indulging in lewd public behaviour. Agents who feel they may have inadvertently committed subversive acts are encouraged to confess now so they can partake of the general amnesty that the Dictator is bound to offer to help celebrate the new millennium.

This is just another picture of a chick with a gun.

UCSA ELECTIONS

Who really gives a fuck?

The UCSA elections ended like a repeat of Vietnam. There was more than enough blame for all the participants. At this stage however it looks like the provisional President-Elect is in for a lot of trouble. Still on the list of people banned from being a director of a company he stands to get a fine of up to \$200,000 and up to five years in jail if in office on 1 January 2000.

The hottest places in Hell are reserved for those who in time of great moral crises maintain their neutrality. -- Dante Aleghieri (1265-1321)
